

Dear Kindergarten Families,

Welcome to Manheim Township School District, a community committed to nurturing and challenging every student for success. Our mission is to provide a learning environment that prioritizes safety, mutual respect, curiosity, creativity, personal integrity, and good citizenship. Aligned with the Pennsylvania Academic Standards, we have designed a comprehensive full-day kindergarten program that focuses on instilling a love of learning and building upon the foundational knowledge and skills your student has acquired.

In our kindergarten program, your student will engage in language arts activities, including speaking, listening, writing, and reading. The math curriculum involves hands-on activities related to counting, numbers and operations, measurement, and shapes. Additionally, the program includes time for creative and kinesthetic activities to foster well-rounded development. Throughout, we emphasize the essential social and emotional skills that set the stage for future learning in school. We invite you to be partners in this educational journey, as we work together to create a supportive and enriching environment where each student can thrive.

At Manheim Township School District, we believe in fostering a sense of community and collaboration. Our dedicated and experienced educators are committed to creating a positive and engaging learning atmosphere. We encourage you to actively participate in your student's educational journey, attend school events, and engage with our school community. Thank you for entrusting us with your student's education. We look forward to a wonderful kindergarten experience filled with growth, curiosity, and achievement.

Warm regards,

Manheim Township School District
